

WALL STREET.

Market Closing.—In late afternoon market sagged a little, but there was no sign of significant selling and numbers of the larger houses were inclined to advise purchases on recessions.

Those who were bearishly inclined argued that there was no immediate prospect of a decision in rate case as shippers have until April 17 to make objection and that strenuous opposition to proposed increase would be made by some big manufacturing and commercial interests. It was further argued that the case for railroads might not appear so strong after the opposition had been heard.

New Haven was rather heavy and was apparently affected by the disappointment which some bull speculators felt over the delay in publishing the promised report in anticipation of which some stock was bought last week.

Total sales, \$44,358 shares. Opening was quiet. Over-night price changes were very small, and they were on the side of advance, it was quite generally conceded that if decision in rate case favorable to railroads were granted in comparative near future an upward movement would occur in security prices.

Reading was not affected by unfavorable February statement. The market showed some tendency toward increased activity at end of first half hour in the direction of improvement. Rubber stocks advanced—goodrich rose 1/4% compared with 2 1/2% on Monday and U. S. Rubber up 1/4% at 31 3/4. U. S. Steel was quite firm, prices up 1/2 to 3/4.

A Happy Bald Headed Man

Well-Known Politician Nearly Bald Now Has Heavy Growth of Hair.

Tells How He Did It.

A waters politician, well known on account of his baldness and ready wit, surrounded his friends by appearing with a heavy growth of hair; many of his old friends did not know him, and others thought he had a wig. On being asked how he did it, he made the following statement: "I attribute the remarkable growth of my hair to the use of the following simple recipe, which any lady or gentleman can mix at home: To a half pint of water add 1 oz. of bay rum, a small box of Barbo Compound and 1/2 oz. of glycerine. Apply to the scalp two or three times a week with the finger tips. It not only promotes the growth of the hair but removes dandruff, scalp humors and prevents the hair from falling out. It darkens streaked, faded, gray hair and makes the hair soft and glossy. These ingredients can be purchased at any drug store at very little cost and mixed at home."—Advt.

tained to end of first hour, and while it rose from 1/4 to 1 point.

The fact that the Interstate Commerce Commission had recognized the importance of expediting the rate case was considered the most significant piece of news. Prices in the second hour made further gains, and it appeared to be the policy to conserve the market's underlying strength for the present, allowing it to advance in a calm, orderly way.

Trading relaxed into a dull period in the early afternoon. St. Paul was strong, up 1 1/4 points, helped by rumors of a change of ownership of large holdings of Missouri Pacific. Missouri Pacific sold up to 26 1/4, or 1 1/4 above Monday.
